

## Workshop on Ab Samjhauta Nahi, "Know Your Rights"

RKDF University conducts a workshop on #AbSamjhautaNahi, "Know Your Rights" in collaboration with ITC Vivel and Josh Talks on 27<sup>th</sup> August 2019. The speaker for the day is Ms. Richa Chadha, who enlightens students on legal & social issues.

The goal of the event was to educate RKDF University students about their rights and to help them understand that gender and identity is not the same thing. The workshop drew more than 250 pupils.

The workshop taught students about contemporary legal and social challenges in society and helped them grasp their fundamental rights, including its extent, diversity, and evolution. It also aided the students in developing knowledge of fundamental rights, gender equality, domestic violence, divorce, alimony, and inheritance.

At the end of the day, the programme increased self-awareness among RKDF University students, which will undoubtedly aid their development into strong and focused personalities who positively contribute to society. There are goodies for all the attendees.

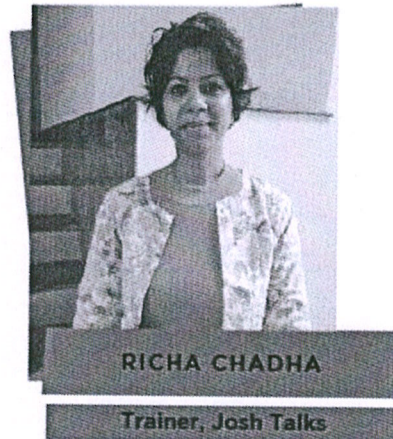

## KNOW YOUR RIGHTS

An interactive Workshop on  
Women Empowerment

Richa Chadha, is an educator, a changemaker with Change.org, a poet, a researcher with CIDC, a public speaker and a writer on Gender. She has been a journalist with the HT, The Hindu, The United News Agency (UNI) and freelancing in print with a lot of media brands. She is closely working on the subject of Gender and Education by empowering the youth with Josh Talks as a public speaker to bring awareness on subjects of Gender, equality and women related issues.

# "INNOVATIVE SOLAR THERMAL STORAGE TECHNOLOGIES"

September 28-29, 2019

RKDF University in association with RPI, USA is organizing short term course on "Innovative solar thermal storage technologies" from 27-28 September, 2019 with financial sponsorship of Ministry of New & Renewable Energy (MNRE), GOI's project of Solar thermal.

## Broad topics:

- a) Basic Concept of Solar Thermal Energy
- b) Study of 'Indigenously' developed Halide Salt capable of retaining Heat for 24x7 duration, during moderate DNI days
- c) Design of the Technology of Heat transfer from Steam to Solid Halide Salt via air media
- d) Application of Solar Thermal Technology like Scheffler Discs for transfer of heat to Solid TES

## Who Can Participate:

- ❖ Research Scholars
- ❖ M.Tech Students
- ❖ Industry Person

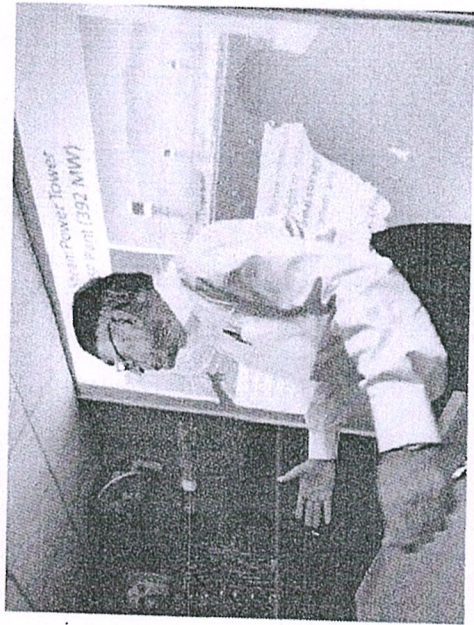

## RESOURCE PERSON

- ❖ Dr V K Sethi
- ❖ Dr Partha Dutta
- ❖ Mr. Dharmender Gaur
- ❖ Dr Shaun Sullivan (on SKYPE)

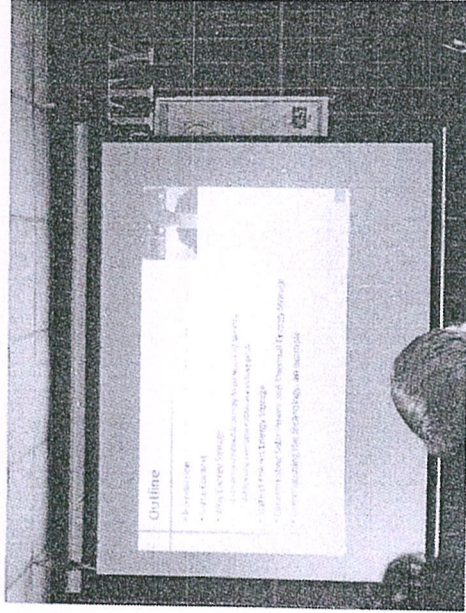

Venue : RKDF University, Gandhi Nagar Bhopal

# Glimpses of Training program in "Solar Thermal Storage" 28-29 September 2019

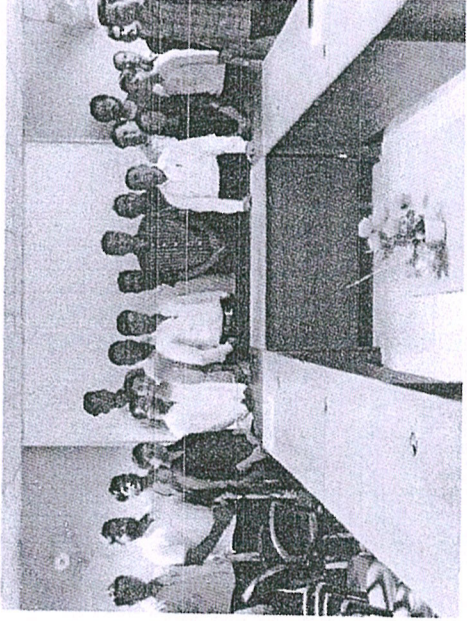

Dr. V K Sethi Explained Potential of CSP System

Dr. Shaun Sullivan Explained Design of Storage (On Skype)

Dr. Partha Dutta Explained design of CSP System

7.	<b>SUMMARY EXPERTS</b>	NONE.
8.	<b>ACTIVITIES CONDUCTED</b>	VISIT TO- RED FORT, SUPREME COURT, PALIKA BAZAR, CONNAUHT PLACE
9.	<b>WINNERS/AWARDEES</b>	NONE.
10.	<b>EVENT'S SUMMARY</b>	ATTACHED.

**Summary:** The Faculty of Law, RKDF University, in the academic year 2019-20, has organised one day Educational Tour to Apex Court of the country; i.e the Supreme Court of India on 12.09.2019.

The visit was aimed at making the students aware of working of the highest body of justice, the nature of duties of the judicial officers. The visit included an in-depth study of the day to day functioning of Courts, at different levels and over a vast diversity of cases. The aim was to calculate the resources available and the distribution of power between the judges, the prosecution, and the defence council.

Thirty four students from Faculty of Law, RKDF University, Bhopal visited the Hon'ble Supreme Court of India, accompanied by Dr. Prince K Gupta (Dean), Mrs. Anshuma Upadhyay (HOD), Ms. Shalini Menon & Ms. Amit Jha (Assistant Professors) at the Faculty of Law.

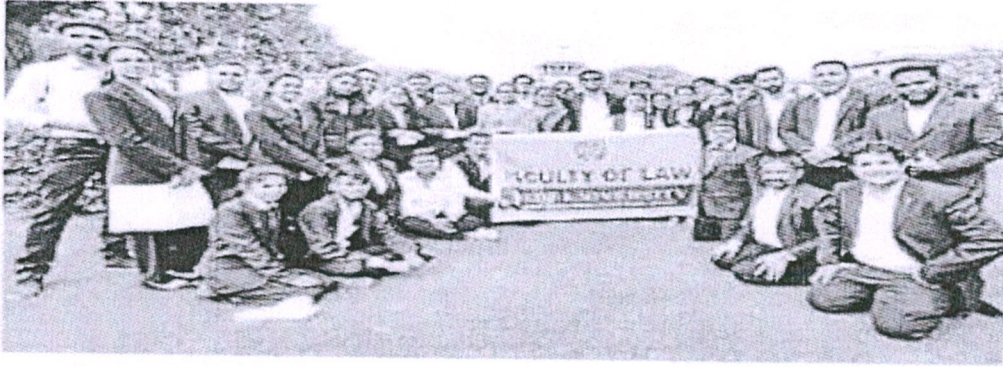

The student also attained valuable knowledge during the visit. The students visited the Supreme Court Museum also which took the students to the earliest days of the court and its prosperous journey so far in its sacred task of delivering justice.

## सुप्रीम कोर्ट का शैक्षणिक भ्रमण

भोपाल ● आरकेडीएफ विवि के फैकल्टी ऑफ लॉ के सत्र 2019-20 के स्टूडेंट्स ने सुप्रीम कोर्ट में एक दिन का शैक्षणिक भ्रमण किया। इसका उद्देश्य न्याय के सर्वोच्च निकाय, काम करने के प्रति जागरूकता और न्यायिक अधिकारियों के कर्तव्यों को समझना था। इसमें विभिन्न स्तरों

और विभिन्न प्रकार के मामलों में रोज कार्य करने वाले न्यायालयों का गहन अध्ययन शामिल था। साथ ही न्यायाधीशों के कार्य और पक्ष-विपक्ष के बीच उपलब्ध संसाधनों और शक्ति के वितरण की गणना करना था। इस दौरान स्टूडेंट्स ने सुप्रीम कोर्ट संग्रहालय का भी दौरा किया।

## Rubicon's "Connect With Work" program by Barclays

**Organized by: -** Training & Placement department of RKDF University  
**Venue: -** Seminar Hall, RKDF University, Bhopal  
**Date: -** 27<sup>th</sup> to 30<sup>th</sup> January 2020

Total 29 students of RKDF University successfully completed 4 days training from 27 January 2020 to 30 January 2020 on "Employability Skills" under "Connect with Work" program organized by Rubicon at RKDF University, Bhopal.

The Four day session – Rubicon's "Connect with Work" training-cum-workshop witnessed interesting activities like extempore where students learnt different topics such as social media, GST and learnt how to overcome stage fear, hesitation and improve confidence and body language. Students were imparted with practical knowledge of spontaneous thinking, mind mapping and articulation of words and thoughts. The students wholeheartedly participated in the event.

On the last day of Rubicon's 24 hours "Connect with Work" program, students were taught about the importance of organization structure. Students learnt how to deal with the corporate environment. This was an interactive session where students asked questions about the corporate life, work culture, personal management, stress management, work under pressure and many more. The workshop achieved its objectives in full-fledged manner in terms of creating immense learning for the students and making them industry-ready.

### Introduction

Vastu shastra (vāstu śāstra - literally "science of architecture") is a Pseudoscientific traditional Indian system of architecture originating in India. Texts from the Indian subcontinent describe principles of design, layout, measurements, ground preparation, space arrangement, and spatial geometry. Vastu Shastras incorporate traditional Hindu and (in some cases) Buddhist beliefs. The designs aim to integrate architecture with nature, the relative functions of various parts of the structure, and ancient beliefs utilising geometric patterns (yantra), symmetry, and directional alignments.

**Faculty of Architecture, RKDF University Bhopal** is jointly organizing a webinar series on **2 June 2020**. Live on ZOOM at 11:00 am

The webinar series is focused on the changes required in architecture & construction practice.

**Conducted by :-Dr. Amogh Gupta**

Member council of architecture new Delhi and chairman IIA Madhya Pradesh chapter.

The architectural working environment has changed during the last 30 years more than ever before. Most of the changes have been related with information and communication technologies (ICT). Architectural working methods and tools have changed profoundly, when CAD has replaced more traditional methods and tools. Communicative working environment and document management within design & construction has also been changed to digital, meaning email and project webs. Completing a traditional architectural profile of the 20th century, a drawer-designer, contemporary communicating and managing skills plus mastering ICT are needed today to operate modern architectural practice properly.

**Webinar Poster on Renewable Energy and Energy Management towards Mitigation of Climate Change**

**WEBINAR REPORT on Renewable Energy and Energy Management towards Mitigation of Climate Change**

A Webinar on the topic “Renewable Energy and Energy Management towards Mitigation of Climate Change” was organized by RKDF University, invited speaker Dr. Surendra Bajpai MP Urja Vikash Nigam Ltd. (Certified Energy Auditor from BEE) on 05th June 2020 at 11:30 P.M delivers his lecture by Zoom Platform.

In the beginning of the webinar Dr. V.K Sethi, Director General (Research), RKDF University, Bhopal explained about the Renewable Energy. The invited speaker Dr. Surendra Bajpai well explained that most renewable energy sources produce little to no global warming emissions. Even when including “life cycle” emissions of clean energy (ie, the emissions from each stage of a technology’s life—manufacturing, installation, operation, decommissioning), the global warming emissions associated with renewable energy are minimal. Also Dr. Sethi explained about the supply of renewable energy would allow us to replace carbon-intensive energy sources and significantly reduce US global warming emissions. They found that renewable energy could help reduce the electricity sector's emissions & about global warming.

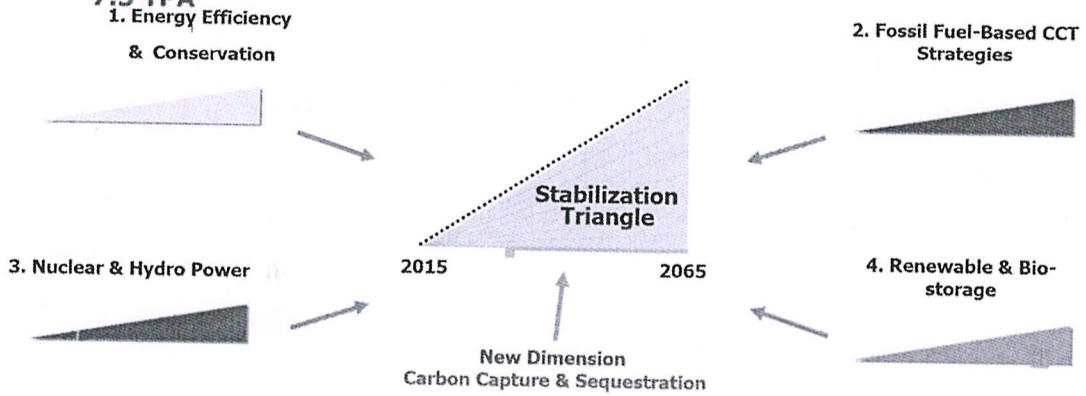

At the end of the webinar e-certificate is given to all the attendees present during the session.

Screenshots of the Webinar presentations:

## Wedge Strategies in 5 Categories

- Today's World Emission is over 8 G t carbon or over 30,000 MTPA
- India is @ 2.9 % for Power Sector and @ 6.9 % total = 2137 MTPA
- Per Capita GHG emission is 1.56 TPA, which is well below World average 7.5 TPA

A "wedge" is a strategy to reduce carbon emissions that grows in 50 years from zero to 1.0 Gt C/yr.

**WORLD ENVIRONMENT DAY**

Small Steps by India to this Great World  
Through adoption of:

Renewable Energy, Energy Management, Coal Substitution by Solar Thermal & Carbon Capture towards Mitigation of Climate Change

## Climate Change, Sustainability and Renewable Energy

- Climate change is already affecting regions around the world.
- Unabated, its future negative impacts will likely be vast, costing much more than preventing it.
- The recent **IPCC Special Report on Global Warming of 1.5°C** has underlined the urgency of taking decisive steps to tackle climate change, including through the transformation of global energy use.
- Considering that two thirds of greenhouse gas (GHG) emissions originate from the energy sector, the IPCC unequivocally calls for an immediate, large-scale shift to renewable energy and energy efficiency (IPCC, 2018).

**Poster of webinar series on Challenges and Opportunities of Providing Employment: With Special Reference to Emerging COVID19 Scenario on 6th June 2020**

## A Brief Summary of Live Webinar Series

Under the guidance of University Vice Chancellor Professor Dr. Sudesh Kumar Sohani and the Chief Patron of the webinar, the Honorable Chancellor of RKDF University, Dr. Sadhna Kapoor, a webinar had been organized jointly by the Faculty of Commerce, Arts and Humanities & BCA on **“Challenges and Opportunities of Providing Employment: With Special Reference to Emerging COVID19 Scenario”** on 6<sup>th</sup> June 2020. The Convener of this webinar was the Dean of Commerce, Arts and Humanities, Prof. Dr. N.K. Shrivastava.

The resource person of this webinar was Dr. Mukesh Jain, Prof. of Commerce Institute for Excellence in Higher Education, Bhopal. In his talk he covered the history of various pandemics occurred at the global level from 1665-66 to 2019-2020, and the number of deaths occurred during these periods. He cited the example of great plagues of Landon (1665-1666), Russian plague (1770-1772), American polio epidemic (1916), Asian flu (1957-58) and so on.

Further he focused on the problem of Indian economy; he said that particular in India high population growth is the major problem that is leading to many other problems including high unemployment, poor education, poor infrastructure, balance of payment, and high level of private debt, high income inequality, large budget deficit, and poor tax collection and so on. He cited the example of Malthusian theory of population growth in which Malthus explains that the population growth is potentially exponential while the growth of food and other resources is linear.

Further he covered the various initiatives taken by the Government of India under the Atmanirbhar Bharat Abhiyan to short out the problem of Indian economy. He also talked about the importance of Micro, Small and Medium Enterprise (MSMEs) and their contributions to the growth of GDP and a vital role in providing employment opportunities to the large number of people. In the last slide he emphasized on the strengths of the Indian economy that includes the low cost of living, diversity, demography, well-educated youth, political stability, international relations and our culture.

Report on webinar

***“Learning Solutions and Technology of Teaching  
Post COVID-19”.***

**Department of Education, RKDF University**

### Report on webinar

The Department of Education, RKDF University, Gandhi Nagar, Bhopal, conducted a one day Webinar on 10<sup>th</sup> June, 2020 on "*Learning Solutions and Technology of Teaching Post COVID-19*". The invited guest and speaker for the day was Honorable Dr. Hemant Khandai, Head of Department of Continuing Education, Barkatullah University, Bhopal, expressed his views on the topic and said that post COVID-19, there had been a tremendous change in the teaching learning pattern of Education. Technology has played a vital role in the process of Education. It's a bliss in today's situation that we are able to be at our homes and still attend and conduct classes without much difficulties though techno error is a part. The learning pattern which kept the students at a bay from using Mobile phones has now become a necessity. With this up gradation in technology, many new aspects of teaching-learning have been included. Not only students even teachers had to upgrade themselves to fit into this sudden change. But as rightly said, "Change leads to Growth", and this change had made everything online, be it classes, submission of project works, Exam patterns, results, etc. just at a click. Sometimes due to technical errors, slow network, or lack of awareness makes this online process difficult and boring, still it has now become a part of everyone's life. The speaker's views were really appreciated by everyone who attended the Webinar. The dean of the Department, Dr. M. S. Pawar, also expressed his views and also introduced the patterns adopted at RKDF University with the viewers. The session concluded being very informative and useful to everyone, and Dr. Vandana Chaturvedi, Associate Professor, Department of Education, RKDF University, proposed the Vote of thanks and finally the session ended on a very positive note.

**REPORT ON WEBINAR SESSION ON THE TOPIC**  
**“ANALYSIS AND IMPACT OF MOBILE TECHNOLOGIES DURING**  
**COVID 19 SCENARIO”**

An exclusive webinar session on the topic “Analysis and Impact of Mobile Technologies during Covid 19 Scenario” was organised by Electronics and Communication Department, Bhabha College of Engineering, RKDF University, Bhopal on 10 June 2020 at 11.00 a.m.

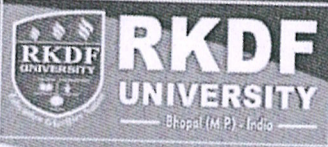

The session was presided over by honourable Dr. Sudesh Kumar Sohani , Vice Chancellor , RKDF University, Bhopal who firstly commended on the present scenario of society during COVID 19 and tells us about the continues efforts of imparting education even during the lockdown through online teaching. He further tells us about different tools and technology based teaching learning strategies that are used in the University during POST COVID period, thereby ensuring healthy teaching and learning process in all aspects.

The session was then taken by the Speaker Mr. Sumit Saxena, Senior Divisional Engineer, BSNL, Bhopal. He has given a presentation on the role of mobile technologies during covid scenario. He has also tells us about the new technologies which are going to come in telecom field and how they are helpful during the Post covid period. Students, industry professionals , faculties are the members who are present during the webinar.

All the participants are given e certificates for attending the webinar. Finally Dr. Ritesh Sadiwala has given vote of Thanks to honourable Vice Chancellor, RKDF University, Bhopal and to Mr. Sumit Saxena and to all participants for attending the webinar.

**Webinar Report**  
**On**  
**“Exploring and Understanding the New Normal during Covid-19  
Pandemic”**

**Overview of Webinar:**

A webinar on “**Exploring and Understanding the New Normal during Covid-19 Pandemic**” was successfully conducted in the RKDF University on 24<sup>th</sup> June 2020. The webinar program received an overwhelming response with 380 participants.

**Level:** National

**Title:** Exploring and Understanding the New Normal during Covid-19 Pandemic

**Category:** Webinar/Seminar

**Date:** 24<sup>th</sup> June, 2020

**Time:** 12:30PM -2:30PM

**No. of Resource Persons:** 1

**No. of Participants:** 380

**Organizer:** RKDF University, Bhopal (MP)

**Key Note Speaker:** Dr. K.S. Tiwari, Former Director, IGNOU, Bhopal (MP) & Lokpal MCB University, Chhatarpur(MP)

**Mode:** ONLINE

**Programme Coordinator:** Dr. Sharad Gangele, Principal, Bhabha College of Engineering, Bhopal (MP)

**Participants:** Faculty Members, Students & Academician

**Objective:** The objective of the webinar was to aware the students for exploring and understanding the new normal during Covid-19 Pandemic.

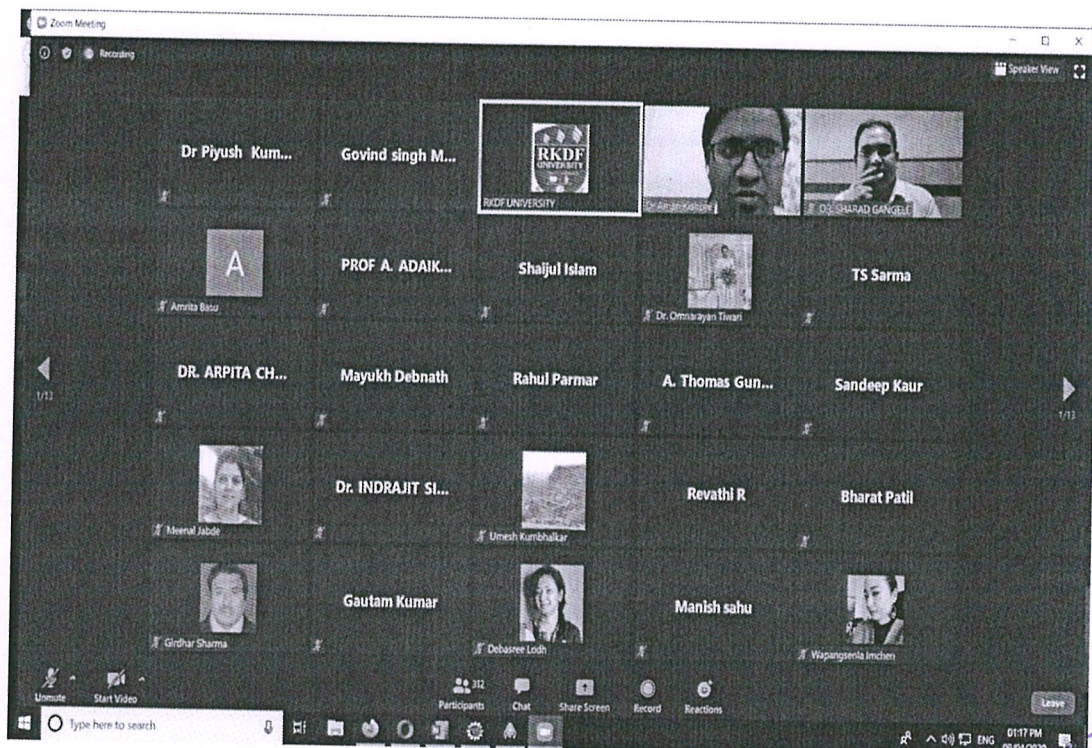

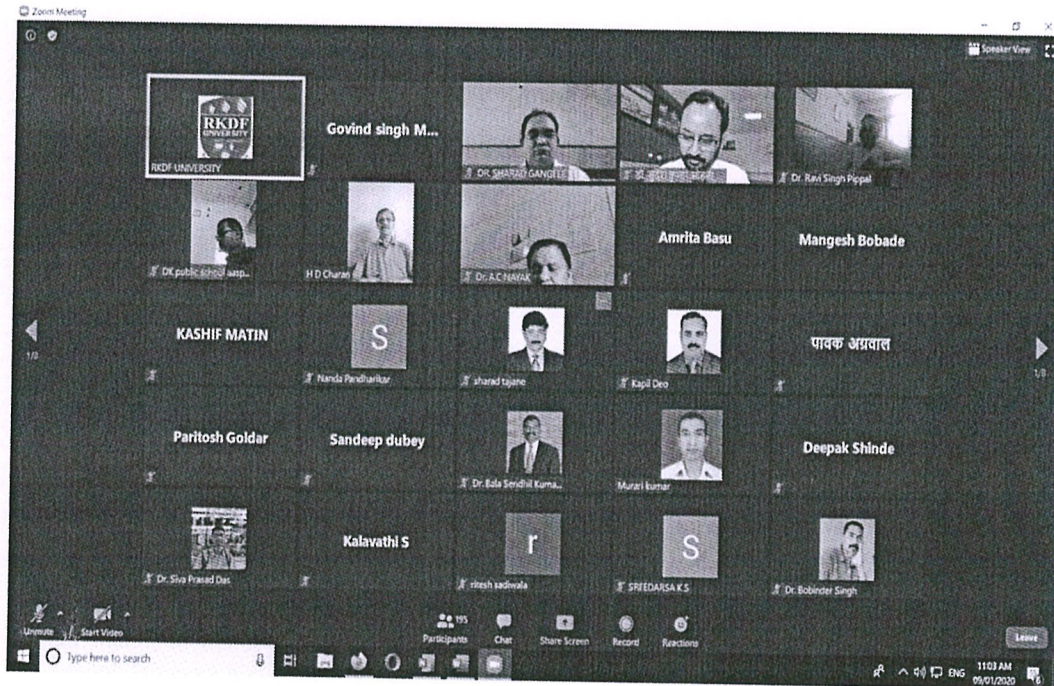

**Brief Summary of Programme:**

The webinar started at 12:30 PM with the welcome address by Honorable Vice-Chancellor Dr. Sudesh Kumar Sohani. Opening remarks and introduction of the programme was also given by Prof. Sohani. He emphasized the need for understanding the New Normal after Covid-19. The key note address was delivered by Dr. K.S. Tiwari. He highlighted that The Covid-19 pandemic has profoundly affected every segment of society, including unique and widespread harms to education system. He added, Learning Never Stops to help in facilitating inclusive learning opportunities for students during this challenging period. The online webinar has provided the importance of adoption of Digital Education Action Plan to

address the challenges arising from the COVID-19 crisis and the longer-term digital transformation. The session was very nice and enjoyed by the addressees. Vote of thanks was given by the programme coordinator Dr. Sharad Gangele at 2:30 PM.

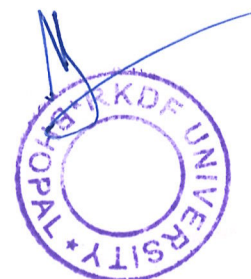

### Some Glimpses of Online Webinar:

**Outcome:**

This Webinar was extremely beneficial for all the participants and provided the participants with enormous knowledge on various aspects of New Normal. It also helps them to understand the 'on the ground' challenges in Covid-19 scenario. 380 online participants were present in the webinar.

## REPORT OF WEBINAR

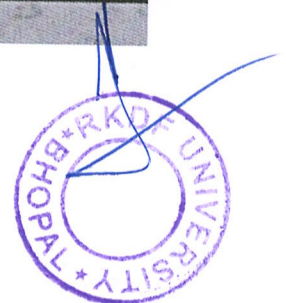

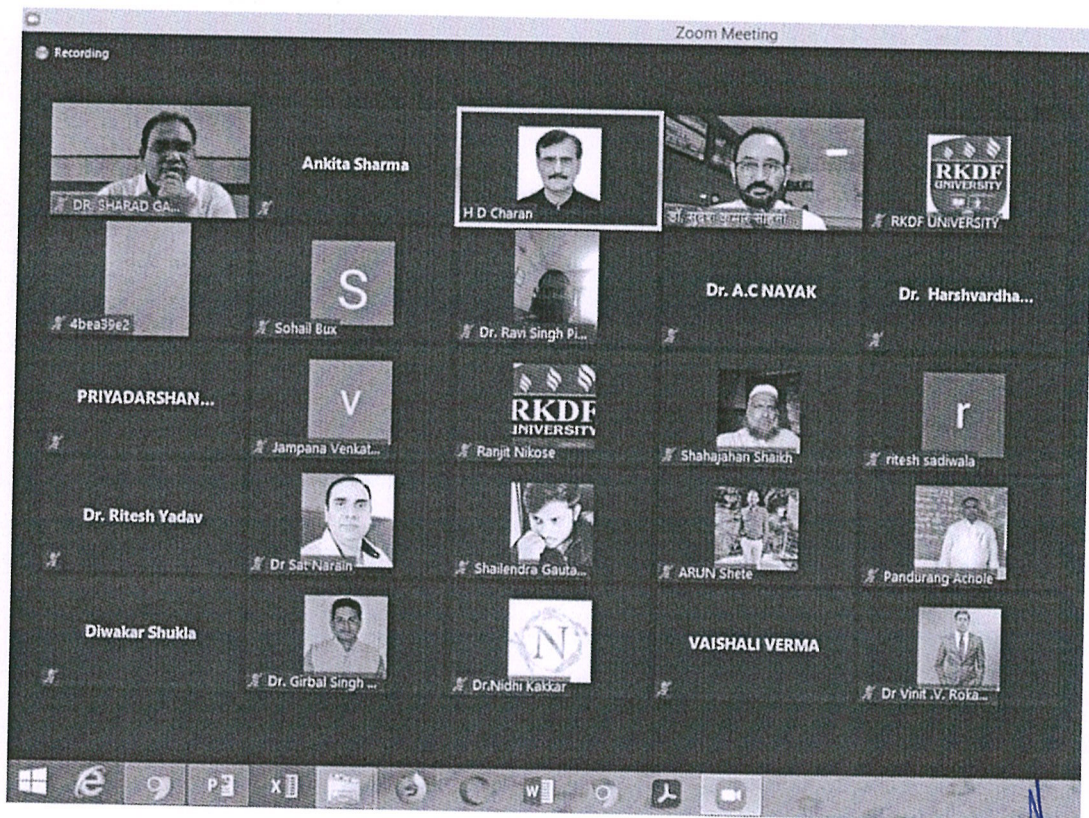

A Webinar on the topic “Skill of Research Paper Writing” was organized by RKDF University, invited Key Note speaker Prof. (Dr). Diwakar Shukla, Dean, School of Mathematical and Physical Sciences (MPS), Professor & Head, Department of Computer Science & Application, Dr Hari Singh Gour Central University, Sagar, M.P on 23th June 2020 at 12:30 P.M delivers his lecture by Zoom Platform.

In the beginning of the webinar Dr. Sudesh Kumar Sohani, Vice Chancellor, RKDF University, Bhopal said about the importance, purpose & need of research writing. The invited speaker Prof. (Dr). Diwakar Shukla well explained on research writing. He said writing, as a skill, allows students to learn a variety of other useful skills that will aid them in their academics, careers, and other aspects of their lives. Participants understand the importance, improvement & many many more about the topic.

At the end of the webinar e-certificate is given to all the attendees present during the lecture.
